Only a Country Girl

Chase Rice

She takes her sweet time when she gets ready
Singin' to a hairbrush 'Free Fallin" with Petty
Walks out with her hair done, I'm like 'Woo, damn!'
Keep takin' your time lookin' fine like only a country girl can
Oh, yeah

She get a little wild on a Saturday night
And those pretty little eyes get wide when she sees the light
After she's had a few she's ready to dance
And she can shake it, break it down, get 'em loud like only a country girl can

She turns every head when she walks by
Lights up the room with her pretty smile
But you better stay away when she gets mad
'Cause she can make your world fall apart
When she loves she loves with all her heart
And that makes me a lucky man
She can do no wrong, turn me on like only a country girl can
Come on!

She ain't afraid to get a little dirt on her hands
She hop on my tractor while I'm plowin' the land
Rolls up her sleeves workin' on that farmer's tan
But she can rock the boots in her daisy dukes like a country girl can

She turns every head when she walks by
Lights up the room with her pretty smile
But you better stay away when she gets mad
'Cause she can make your world fall apart
When she loves she loves with all her heart
And that makes me a lucky man
She can do no wrong, turn me on like only a country girl can

She turns every head when she walks by
Lights up the room with her pretty smile
But you better stay away when she gets mad
'Cause she can make your world fall apart
When she loves she loves with all her heart
And that makes me a lucky man

She can do no wrong, turn me on like only a country girl can

Yea said she can do no wrong, turn me on
Only like a country girl can
Yea baby!
