

State Of Mind

Machine Gun Kelly

Who the motherf*cka still broke? YOU!

Never hustled

Never will blow, YOU! Who's the latest underrated in the game,
and who's the greatest?

Know the answer is ya'll know, Kells! Who's the latest underrated in the game and who's the greatest?

The answer is. my name.

I know.

TRUE! Look out my back I put the weight of that on my shoulder

I'm insomniac so I can't take a nap when I'm sober

They say sleep is the devil, I just made friends with Jehovah

Stop sleepin' on me I just broke bread with Hova

I'm talkin' Jigga man, hundred fuckin' million man

Hundred hustlers at Puffs crib, no civilians there

Do not get it twisted cause I never pose for pictures man

I'm livin' the life you haters picture on the Instagram
