Hate, fears, pain, tears
I can see a million things that You came and died for
Everyday a million ways, give it back to You Lord
You have redeemed everything and we owe You our lives, ohEverything I do and everything I say, I give it back to You, Most Holy
Everything I am and everything I'm not, I'm putty in Your hands
Lord, make me worthyLove, peace, joy and strength
I can see a million things that You died to leave us
Everyday a million ways we give it back to You Lord
For You have redeemed everything and we owe You our lives, ohEverything I do and everything I say, I give it back to You, Most Holy
Everything I am and everything I'm not, I'm putty in Your hands
Lord, make me worthyAnd everything I do and everything I say, I give it back to You
I give it back to You, Most Holy
Everything I am and everything I'm not, I'm putty in Your handsEverything I do and everything I say, I give it back to You
I give it back to You, Most Holy
And everything I am and everything I'm not, I'm putty in Your hands
Lord, make me worthy
