

# Force of Nature

## Miracle of Sound

Cast out of inclusion's warm embrace  
Peer in from a solitary space  
The sting of rejection leaves  
Its scars upon my face I will run  
I will fall  
I will climb  
Through it all  
Ever keeping the pace...'Cause I can see the worlds unseen  
I can hear them call to me  
Harnessing the energy  
From every fall and failure  
I'll be a force of nature  
Upon a world of rust  
I'll be a force of nature  
The only truth I trust  
Is what I've seen  
So eager to seek, so much to find  
Got nothing to prove to narrow minds  
They rant of redemption as I  
Leave them long behind In the bones  
Of the earth  
In the stones  
And the dirt  
There is form and design 'Cause I can see the worlds unseen  
I can hear them call to me  
Harnessing the energy  
From every fall and failure  
I'll be a force of nature  
Upon a world of rust  
I'll be a force of nature  
The only truth I trust  
Is what I've seen  
Cries of corrupted wires  
Return to sleep  
Blaze with the raging fires 'Cause I can see the worlds unseen  
Truth is in the mystery  
Focus on the sting I feel  
From every pain and danger 'Cause I can see the worlds unseen  
I can hear them call to me

Harnessing the energy  
From every fall and failure  
I'll be a force of nature  
Upon a world of rust  
I'll be a force of nature  
The only truth I trust  
Is what I've seen
