Not Like Me

The Muffs

Doing everything I can And I'm feeling okay, oh yeah But whenever you are near I want to run away, oh yeahWhenever I come alive It seems that you are dead Could you ever take the time And be a man and say? You are not like me You are not like me You are not like me You are not like meAnd if you should ever go Away another day, oh yeah There might be a world of me And I won't be afraid, oh yeahDoing the impossible Where I could never win And I know what you're thinking In the answer you bring You are not like me You are not like me You are not like me You are not like meDoing everything I can And I'm feeling okay, oh yeah But whenever you are near I want to run away, oh yeahWhenever I come alive It seems that you are dead Could you ever take the time And be a man and say? You are not like me Me, me, me, me, me, yeah Me, me, me, me, me, yeah, oh
