

# Real Eyes

## Babes in Toyland

3 seas between us and the very next bus  
And it takes so long to get there  
'Cause the now and here is nowhere  
Heretic-toc goes the easter clock  
Your friends they're really not  
I can't take it anymore  
I realize  
I real eyes  
I real eyes yourLies are from your own eyes  
I real eyes  
3 seized between us and the very next bus  
Got a 30 dollar pocket built  
A plank it begs so walk it  
Every thought is mine or not  
Just get your fingers off my spot  
I can't take it anymore  
I real eyes
