

The Night We Called It a Day

Deepspace 5

There was a moon out in space
But a cloud drifted over it's face
You kissed me and went on your way
 The night we called it a day
 I heard the song of the spheres
 Like a minor lament in my ears
 I hadn't the heart left to pray
 The night we called it a day
 Soft through the dark
 The hoot of an owl in the sky
 Sad though his song
 No bluer was he than i
The moon went down stars were gone
But the sun didn't rise with the dawn
 There wasn't a thing left to say
 The night we called it a day
 There wasn't a thing left to say
 The night we called it a day
