

# The Re-Union (feat. State Property)

## Beanie Sigel

Let's get me this platform  
And watch her do it like me prosper  
No... I'm talking, remi Oscars  
Bear witness of your black raps...  
Sucker, can't beat us, join us  
Hear me access, and I produce my assets  
Point blank period  
Oh it ain't over, just had to clear my throat  
Ah, and here I go But they sent me back, mr Johnson was left there  
Sitting on my step with a napoleon syndrome now  
Roll the stones,... and your main sex symbol  
Here comes the state... here I go, hit them mac  
Yes, I got you zoo,  
Just let me find my bounce on this joint  
Let me find my bounce Ah, y'all begins is...  
They ain't throwing it on chris jeans and butt nuts  
I get the chocolate tape or I touch it up  
Carnation on my lapelle  
Pocket square, botower,...  
That's it in the court room...  
And he got angel, whacked in the shower  
Pour 2 ounces, I'm back with the sour  
Money and respect, then comes the power  
I still listen to the lots  
The rest of y'all could eat  
... face a few other I fuck with  
The rest of y'all whack, rats and... You can make it if you try  
You can make it if you try  
Yeah, yeah, that's how we do it  
Start tap dancing on these... Asp click, white t chris  
Spike lee kick with a nice sweet, sweet  
Drop miles and Philippines to the whip  
Lv's and double g's on my fit  
Plenty y'all, you fuck with us  
We mash out like mop...  
And he up, kidnap that fool  
And he up, chris shot that fool  
Simple Sigel, philly freezer, warrup Spilling pink drink on me make my mic stink  
Pull that thing, thing, sipping down my jean scene

Chain gang in your system like... spitting on these lame brings  
... get out the lane lil main before this thing bang  
I grew up small time, dope game, cocaine  
Pop a mac on the block I make it go ring  
Drop it back and then get rid of the whole thing  
... chain game,... wasn't do it a thing  
We be bubbig out Dublin, Englad,  
Kingdom of Saudi Arabia to Greenland  
Talk about the... just a freezer, get your cheese up You can make it if you try  
You can make it if you try  
You can make it if you try  
You can make it if you try
