

# Searching (For Someone Else)

[Kitty Wells](#)

Searching, I've spent a lifetime, darling  
Searching, looking for someone like you  
Dreaming, in all my dreams I dream that someday  
I'd find  
Someone like you Other loves have come my way  
But they were not for me  
Tell me that you're here to stay  
Don't ever set me free 'Cause I've been searching  
I've spent a lifetime, darling  
Searching, looking for someone just like you Other loves have come my way  
But they were not for me  
Tell me that you're here to stay  
Don't ever set me free
