

# The Guardian

## Delta Goodrem

I push through the crowd without looking back  
To leave you behind took all that I had  
And maybe I'm wrong, I might be sorry But what kind of fool would hope for a change  
Then write a new word on a page that is stained  
And ruined by a lie you shouldn't have told me I'm the guardian, I am the sole protector  
Of a heart that's been abused I won't let love do me in again  
I can't just run to the light or the fire and jump in  
Risk a poison kiss just to have my thirst unquenched again  
Let love do me in I swallow the urge to call out your name  
The need crashes in, I brace for the wave  
And pray it will pass, not take me under 'Cause I'm the guardian, I am the last defense for  
My weakened heart that still wants you I won't let love do me in again  
I can't just run to the light or the fire and jump in  
Risk a poison kiss just to have my thirst unquenched again  
Let love do me in I'm the guardian, I am the sole protector  
Of a heart that's been abused I won't let love  
Risk a poison kiss just to have my thirst unquenched again  
Let love do me in
