

I'm So

Gyptian

I'm so old, I'm so old
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party
I'm so dope, wanna go
Got this people with me
I'm so old, I'm so old
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party Like a 'that's on my table, straight up
I love the ocean, brain coming up
Girls on the dance floor, please stand up
Bad man put your hands up and blunt, force it up
Hold your light up all your weed, I'mma light it up
The doorman me a tell you speak up
' pull up
I'm so, I'm so
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party
I'm so dope, wanna go
Got this people with me
I'm so, I'm so
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party 'when the girl bouncing up
Up and down the dance floor, they going up
Baby, do it again, it could never be too much
'all ladies inside here, all nice
You are one against three ladies
Yep, I don't wanna go to the party
'Cause I wanna meet your family, shorty
I'm so, I'm so
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party
I'm so dope, wanna go
Got this people with me
I'm so, I'm so

With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party Oh, lady's smooth like velvet
Oh, lady's soft like cotton
Oh, baby's smooth as silk
Baby, nothing you want I wouldn't give
When we not partying, we shopping
For you there's nothing I wouldn't give
You deserve everything I'm so, I'm so
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party
I'm so dope, wanna go
Got this people with me
I'm so, I'm so
With my 50 Gs in my side up
And my white Ts
I'm so up, I can find a party Crazy, so crazy
I gotta find, I gotta find a party
No matter where a party might be
I just don't wanna go back to sleep
