

Crazy, Crazy

[Madisyn Elise](#)

Every time I close my eyes
I awaken what's inside
Deep desire, passion for
More, more
I'm not done, I've reached the end
Confusion rises from within
Is it something I should see
Free meCHORUSCrazy, Crazy, I am bleeding out the sores of my soul
Crazy, Crazy, why do they hate me
Sizzling burning, I'm cold
Oh, oh, oh, oh, noDark and weary
Can't you hear me
Hell is knocking on my door
Their words like poison and I'm choking
Spitting up a rifle gun
Whoa oh oh oh oooohChorus RepeatI just can't take it, all their words and their hatred
Replaying over, over, and over
You know people we have crazy ways
It only takes one bad day to want to end it all
Talk to somebody, they won't listen
It will get better; I'm tired of it
Why me, why me
Forget, I'm already gone
NooooCHORUS
Crazy, Crazy, I am bleeding out the sores of my soul
Oh, oh, oh, oh, no
Crazy, Crazy, why do they blame me
All I asked for was love
Noooo
Crazy, Crazy, I am bleeding out the sores of my soul
Oh, oh, oh, oh, no
Crazy, Crazy, why do they blame me
All I asked for was love
Noooo
