Ceili Rain

Ceili Rain

There's nothing behind me
There's nothing ahead
There's only this vision
Of you and to it I'm lead
I've gathered around me
Folks who feel like I do
And our only passion
Is to celebrate you

We gather together
Tears of joy in our eyes
Intoxicating just standing under your skies

Were making the body
Were feelin' no pain
Were drunk of the love
That pours from above
In your precious name

Oh this is the body
And it bears no shame
Were just high on the heavenly glow
Your glorious Ceili Rain

Pater noster qui est in coeli
Our father our way
We cherish these words
That your son once gave us to pray
Et Spiritus Sancti yeah
And we answer your call
To this downpour of heavenly heartiness
So strike up the fiddle
Bang on them drums
Celebrate life and you
From whom it all comes

Were making a party
Were feelin' no pain
Were drunk of the love
That pours from above

In your precious name

Oh this is the body
And it bears no shame
Were just high on the heavenly glow
Your glorious Ceili Rain

Well this is one body
We don't have to be scared
That were not hip and groovy
See 'cause here no one cares

See here were all sinners
All just like myself
Were too busy praying
Before judging any one else
We hold up our glasses
They fill with your grace
We lift up our voices
We lift them in praises

Were making the body
Were feelin' no pain
Were drunk of the love
That pours from above
In your precious name

Well is the body
And you are the pain
Were just high on the heavenly glow
Your glorious Ceili Rain

Your glorious Ceili Rain
Glorious Ceili Rain
Your glorious Ceili Rain
