

In the Heart of the Young

Winger

There's a fire in the heart of the young
Human temples drawing power from the sun
Raising sails, navigating the dawn
Hear the thunder, now, we're a million strong(Whoa)
The light shines in the heart of the young
(Whoa)
We're fighting for a new way to say
Carry on and see behind this material
Illusion, the future of all is alive in the heart of the young
There's a song in the heart of the young
Loud and clearly, the band goes marchin' on
With the force of a thousand Gods
Hear the music, we're a million strong(Whoa)
Put your trust in the heart of the young
(Whoa)
The rise of the rebellion
Has just begun, the trumpets sound off the countdown for a
New day's dawn, the future of all will survive, it's alive
Show me, you're still alive!
There's a fire in the heart of the young
See the lightning strike the curtain
With the force of a thousand Gods
Hear the thunder, it's in the heart of the young(Whoa)
Don't you feel it burn in the heart of the young
(Whoa)
We're fighting for a new way to say
Carry on, the trumpets sound off the countdown for a
New day's dawn, the future of all is alive in the heart of the young
The future of all will survive it's alive
The future of all will survive it's alive
The future of all will survive it's alive
