

On My One

Jake Bugg

I'm just a poor boy from Nottingham.
I had my dreams
But in this world they're gone, they're gone.
Oh, I'm so lonesome on my one. Three years on the road,
400 shows
Where do I go home?
No place to go
Where do I belong
Oh, I'm so lonesome on my one. Everytime has a stranger when I'm around
No sins forgiven, hell spit me out.
Where's God, Where's God?
He's even left on my one
Where's God, Where's God?
He's even left on my one I'm just a poor boy from Nottingham.
I had my dreams
But in this world they're gone, they're gone.
Oh, I'm so lonesome on my one
