

Wish U Was My Girl

Babyface

[VERSE I]

I don't want to hear how wonderful he is

I don't care if he is special

I don't want to know that shit

I don't care how much he loves you

Or how much he understands

I don't care if he's an angel

Don't give a damn about your man

I don't want to be just friends

I don't want nobody else

I just want to have all to myself[CHORUS]

Wish you was my girl

Wish you was my love

Wish you'd be the one that I could count on

When things get rough

Wish you'd be my sunshine on a cloudy day

Why can't we be the lovers that were supposed to be

Wish you was my girl

Wish you was my love

Wish you'd be the one that I cloudy count on

When thing get rough

Wish you'd be my sunshine on a cloudy day

Why can't we be together like we're meant to be[VERSE II]

I don't want to hear about your arguments

Less you telling me its over

And you know you through with him

Don't want to hear if thing were different

You would give your heart to me

Girl the only thing that matters

Is the day that you gone leave

I don't want to be just friends

I don't want nobody else

I just want to have you all to myself[CHORUS]

[Bridge]

I just can't take this I'm gonna break if off with you

I feel so helpless cause I'm so in love with you

Life is never simple,love ain't no walk in the park

But how am I gonna end thing if I never get to start
