Atom In My Heart

Frank Black

Is there a place
That you can't go back to
Is there a town you can't even enterMaybe there are whole states
You don't even wanna pass through
Are you gettin' down now, you're a weekly renterIs your mind gone, are you dog-tired
Do you feel like you can get no worse
I'm a big guy, can we try this
I will be the whole universeWill you be the centre
You burn inside me like a star
An atom in my heart
An atom in my heartIs your mind gone, are you dog-tired
Do you feel like you can get no worse
I'm a big guy, can we try this
I will be the whole universeWill you be the centre
You burn inside me like a star
An atom in my heart
An atom in my heartI know a place
Yeah it was made for you
The earth is warm and the sky is tender
