

# It's Alright

Latif

I don't believe in a fairy tale love  
But I always thought that it could be us  
We spent some time together, started growing together  
Through bad stuff we weathered together, baby  
You know I'll always love you, yeah  
'Coz real love don't go away  
I'll do whatever I need to do to please you  
Because I need you, baby  
We talk, talk, the outcome's still the same  
You won't stop, you gotta complain, baby  
And I tossing and turning every night, can't sleep  
So if you think it's alright  
If you thinking that every thing is fine  
I'ma let you know, baby, right now that it's not  
And I know you can see that I'm hurting inside  
If you like me, say yes and if not it's alright  
If you thinking that every thing is fine  
I'ma let you know, baby, right now that it's not  
And I know you can see that I'm hurting inside  
If you like me say yes and if not it's alright  
Things ain't always been bad, oh no  
And I keep thinking about the love that we had, yeah  
I wanna hold you and wanna love you  
You never listen, baby, all you do is argue  
You get jealous when I hang with my friends  
I get home late and then the drama begins  
What's a man to do, girl, you put me through  
More than I could ever have the words to express  
Said we, we talk, talk, the outcome's still the same  
You won't stop, you always complain  
Tossing and turning every night, can't sleep  
You know it ain't right  
If you thinking that everything is fine  
I'ma let you know, baby, right now that it's not  
And I know you can see that I'm hurting inside  
If you like me say yes and if not it's alright  
If you thinking that every thing is fine  
I'ma let you know, baby, right now that it's not  
And I know you can see that I'm hurting inside

If you like me say yes and if not it's alright  
It's alright  
Baby, it's alright you gotta leave me  
Just let me down easy  
It's alright  
It's alright but you gotta tell me  
If love ain't a two-way street  
It's alright  
Love is supposed to make you feel happy  
And make you feel complete  
It's alright  
So sort it out, baby, gotta let me know  
Because I love you, love you, love you  
If you thinking that everything is fine  
I'ma let you know, baby, right now that it's not  
And I know you can see that I'm hurting inside  
If you like me say yes and if not it's alright  
If you thinking that everything is fine  
I'ma let you know, baby, right now that it's not  
And I know you can see that I'm hurting inside  
If you like me say yes and if not it's alright  
Baby, yeah  
No, no, I'm hurting inside  
Alright, baby, hey
