

# Seeds (tambour /voix)

## Camille

Seeds of love, seeds of let us seed of rose to leave to flowers, seeds of rain  
Seeds of passion, seeds of suffer, seeds toward the fill for ever seeds of graves  
Seeds of peaches, seed of beacons, seeds of peace, and seeds of hope  
Seeds of paste, pine, pepper, seeds for glory, seeds for gold  
How can you serve them  
How can you spoil them  
How can you trade them  
How can you grow - grow  
Seeds of soil, seeds of terror lands can seek to devastated coins, seeds of straight  
Seeds of misery, seeds of madman color, seeds of what human, seeds of waist  
Seeds of silence, seeds of slam, seeds of home, seeds of stone  
Seeds above beneath the somalise and modern, seeds of cold  
How can you buy them  
How can you serve them  
How can you trade them  
How can you do so - ooo  
How can you buy them  
How can you serve them  
How can you trade them  
How can you do so - ooo  
Seeds of love, seeds of happen, seeds of blue, spelling button, seeds of May  
Seeds of children, seeds of rose but only to seeds what is going to happen, seeds of change  
Seeds of change  
Seeds of love, seeds of happen, seeds of blue, spelling button, seeds of May  
Seeds of children, seeds of rose but only to seeds what is going to happen, seeds of change  
Seeds of change
