Coming straight from the Boon Dox  
Coming straight from the Boon Dox  
Coming straight from the Boon DoxComing straight from the Boon Dox  
When my tune stomps like Sasquatch  
You better slow down 'cuz I'm top notch  
Wit the be-bop, can't you see hoppsYo, I'm swinging wild, G, chill or catch a speed knock  
For crying out loud, my style is buckwhyled  
Straight from Strong Isle, peace to the ooh child  
A true troop, rugged, stomp in tims boots  
No static, Uncle Sam, I got mad lootSo back up off me, break North you see  
I wreck a party in half and then I'm Swayze  
Rap maniac, brainiac on a fly track  
[Unverified]  
Who's grabbing my bozackBut it's mine, Einstein, just like the nine  
Rockin' my jock, loaded for primetime  
I'm on a roll and the Mic Doc just can't stop  
Bust it, coming straight from the Boon DoxComing straight from the Boon Dox  
Coming straight from the Boon Dox  
Coming straight from the Boon Dox1, 2, 1, 2, mic check and I'm packed wit the fire weapon  
No half steppin', my nine, a black tech  
And Uzi, I'm psycho crazy  
Don't ever try to do me, baby  
Yea, I'm still wrecking house, so what's up  
And a I stuck a nigga in his gutI'm [unverified] competition, never outlasting  
(What happen E-D)  
Yo, I waxed ugly bastards  
I took a stick of dynamite and blew 'em up, right  
Then boom, I knock 'em out like MikeI throw a clean fight, can't leave it messy  
My blow is super like Joe Pesci  
Before I break out, let's make a toast  
And after I'm finish my drink then E's ghost  
So Mr. Bartender, give me a scotch on the rock  
(Where you coming, E)

So get these nuts because the Squad's butt

(What)Popping ying-yang, no skills wit the hand swing  
Another hit from the Sqaud it's a small thing
