

Rock Shit Hot

Danko Jones

I'm overdue to due you and its gonna be a good time
I never try to hurry up I take my time
Pretty girls, little girls, sexy girls, girls call me up at home
Like what they see, sex appeal, cop a feel, take me all the way home
My Mama made me for one thing
Get up onstage and sing
I dedicate my throat to rocking the spot
'cause when you wanna rock you gotta rock shit hot
A beautiful girl? There's a dozen in line
I never try to hurry up I take my time
Pretty please, I'm on my knees, don't be a tease,
you're looking more than sexy
I can tell feelings gel....Oh Yeah!
(Chorus)
Out
