Scattergun

Mosquito

One two three four
Smooth bore scattergun, you are the only one to cover me
When I sleep, you cover me in my dreams
Carry a smooth bore scattergun
Steal from me there'll be no time to run, I got the beat on you
She fires true, take what you want and I'll do what I have to do
Smooth bore, scattergun, scattergun, scattergun
Triple o bucks the shot for me, cut you right off, right off at the knees
Don't need to bother no police, I've got my Mossberg five ninety

Smooth bore scattergun, you are the only one to cover me
When I sleep, you cover me in my dreams
Carry a smooth bore scattergun
Steal from me there'll be no time to run, I got the beat on you
She fires true, take what you want and I'll do what I have to do
Smooth bore, scattergun, scattergun, scattergun
Smooth bore scattergun, you are the only one
To cover me when I sleep, you cover me in my dreams
Carry a smooth bore scattergun, scattergun, scattergun
