

# Always

## Depeche Mode

The well is dry and the stream runs shallow  
And the sun is high and the field lies fallow  
My tongue is tied and my body aching  
Now I'm open wide and afraid of breaking  
The food is hot and the table's ready  
But my stomach's knots make my hands unsteady  
So I take to pacing up and down the room  
While my heart keeps racing and my mind's consumed  
I just wanna be part of the light of the light  
of the light of the light of the light in your eyes  
I just wanna be part of the light of the light  
of the light of the light of the light in your eyes

The bed is made and the candles burning  
All our games are played and the clock keeps turning  
We're out of tricks with the silence cutting  
And the daggers stick as the doors keep shutting  
I just wanna be part of the light of the light  
of the light of the light of the light in your eyes  
I just wanna be part of the light of the light  
of the light of the light of the light in your eyes

Always

Always, forever
