

# Get Out (DCV)

## Tigerberry

Oh Lord  
You are the saviour  
The creator  
You break the stones  
My life  
Erased and fallen  
It controls meMy fault  
Go away  
They break me down  
What do I do?  
Get out and come on  
You keep me moving  
So close  
Don't let me break now  
Can not cope this time  
I don't know how  
I'm ready to change  
That's where I am going  
They can not stop me
