

# Drop That Booty Down Low

Brandon Beal

Yeah, oh, yeah You came to the club tryna get a little love cause it's been a hard week (hard week)  
Got a lot on your chest and your booty need rest 'til you leave it on me, oh  
These hoes ain't loyal, they talkin' 'bout lately, no  
But you ain't gotta say one goddamn pain Just bounce it, bounce it, go boom-a-boom-a-boom  
Shake it, shake it that round round  
Elevator, now hula-hula  
Keep breakin', breakin' it down down  
Side to side, up and down  
Everybody's lookin' now  
I can tell you want me to know  
When you drop that booty down low  
When you drop that booty down low When I look around all these girls you the baddest one I see (see)  
Take a look around you know none of these niggas fucks with me  
These hoes gon' run their mouth with regardlessly  
But you ain't gotta say one goddamn thing, na na na Go bounce it, bounce it, go boom-a-boom-a-boom  
Shake it, shake it that round round  
Elevator, now hula-hula  
Keep breakin', breakin' it down down  
Side to side, up and down  
Everybody's lookin' now  
I can tell you want me to know  
When you drop that booty down low  
When you drop that booty down low First class soldier you're over kill up  
Brought your whip and pull that trigger  
'Cause I am the champ, you know this is a war soul (boom boom, bang bang)  
They shootin', they shootin', so keep that as down low  
Welcome to the jungle Just bounce it, bounce it, go boom-a-boom-a-boom  
Shake it, shake it that round round  
Elevator, now hula-hula  
Keep breakin', breakin' it down down  
Side to side, up and down  
Everybody's lookin' now  
I can tell you want me to know  
When you drop that booty down low  
When you drop that booty down low  
When you drop that booty down low
