

Throw Me a Line

Warzone

Advisory - the following lyrics contain explicit language:

I've been trying to break the chains
Keep the edge on me
I'm winning the fight
 But I know inside
 Got to do what's right
 Stay drug-free
 There might be time
 When I need your help
 So if you see the sign
 Throw me a line
 Doesn't do no good to preach
 Put yourself on a pedestal
 So you're out of reach
 Got to make a choice inside your heart
 A way of life
 That's how you start
 Too many eliques, too many crews
 What's the purpose for what you do
 Have you hit rock
 bottom?
 Do you know the deal?
 If you take the pleadge
 Do it for real
