

# Homicide

999

I believe in homicide I rest my case,  
Don't cast a sigh you'd better believe it,  
That's the truth of it take it or leave it,  
Resign to it homicide, homicide, homicide, homicide  
No one cares when someone lies  
They'd rather say that it's a red alert  
You'd better believe it,  
That's the truth of it take it or leave it,  
Resign to it homicide, homicide, homicide,  
Homicide homicide, homicide, homicide, homicide  
You try to tell me it's his fault because he's down  
And let him lose this homicide all over town  
I'll take enough but I'll take it down what's your address,  
I'll write it down I'll be in touch so don't leave town  
In a big black car (solo) homicide, homicide, homicide  
I believe in homicide I rest my case, don't cast a  
Sigh you'd better believe it, that's the truth of it,  
Take it or leave it, resign to it homicide, homicide,  
Homicide ,homicide homicide, homicide, homicide  
Homicide homicide, homicide, homicide, homicide  
Homi, homi, homi, homi, homi, homi, homi, homi  
Homi, homi, homi, homi, homi, homi, homi, homi
