Back 2 Me

Auryn

It's constant / I'm angry / I can't deny /
or fragment / my feelings / How I despise /
your half drunk / outrageous / and poisoned eyes /
Man, I'm always hurt in your company.
So you can't come back to me again.See this venom / that you stir up / well you're mighty high /
I'd like to strike out / and hit back / knock you down a size /
Now I can't see / a reason / to internalize /
that I'm always hurt in your company.So you can't come back to me again.Look right at me. Do I seem happy?
I'd open gladly, if you'd look right at me.
But as you look right at me...
As you'd look right at me I'd say...
