

# Gathering of Ancient Tribes

## Goat

Let us be reborn!

The ancient tribes Let us be reborn!

Go tell everybody you need everybody!

Go tell everybody you love everybody!

the way we go round

In the eye of the storm

the glorious past

Go tell everybody you need everybody!

Go tell everybody you love everybody!

Go tell everybody you need everybody!

Go tell everybody you love everybody!

Let us be reborn!

The ancient tribes Let us be reborn!

Go tell everybody you need everybody!

Go tell everybody you love everybody!

Ancient empire!
