Today We Had Love

Futures

Oh just wait,
And youâ€™ll see
That Iâ€™ve been
Pulling down the curtains to let you in
Pulling down the curtains to let you in

Oh just look,
Who I was
How Iâ€™ve changed
And now, I donâ€™t even know my name
I donâ€™t even know my name

We lost we lost we lost our way (x2)

Did you know how I feel and you know what I think today

Oh just wait
And youâ€™ll see
That Iâ€™ve been
Pulling down the sun to keep me smiling
Pulling down the sun to keep me smiling
And I was told that one is one is two so I believe now
That love will never die if you let love lose
That love will never die if you let love lose

We lost we lost we lost our way (x2)

Cause itâ€™s you and me,
Facing the sun, weâ€™re on our way
Cause you know how I feel
And you know what I think today

When nothing seems right for you,
And nothing seems to go your way
Donâ€™t move up now
This is only the start, this is only the start

We lost we lost we lost our way (x4)

And itâ€™s you and me

Face to the sun weâ€™re on our way
Face to the sun weâ€™re on our way

Hey hey, weâ€™re on our way (x8)
