Finally Home

Shaman

From where I come
Or to where I go
All in Between I Suppoded
Will live on!Live on and on!Ashes to ashes
This nonstop dance
What is in between will remain
Converging points,drawing away!Life has always been this way
Recycling through what seems to be the end!Frosted in time by its flow
Right between known and unknown
(dancing away)
Connected by this soul and love
Beyonc everything in this world
(all is subtle)
When less is more
Where life overcomesOh! Nothing is home
Oh! Silence will take me...Home!
I've realized where I am!
Where light and darkness are the sameFinally I'm Home
Finally I Found Where I am!
Where eyes can't draw on interpretate
