

Run Run Run (feat. Kyle Pearce)

Junge Junge

I only lose my fear when I run run run
I won't lose a tear when I run run run
I won't find a heart so I run run run

And now the time is right so we run run runNow it's summer time in the sun sun sun

One thing on my mind gun gun gun gun
When the children play it's fun fun fun
But I must go must run run runWe run run run

Run run run
Run run run

We run we run we run we run run run
We run we run we run

Run run run and run and runNow I go to bed and cry cry cry
I pay the price I die die dieRun run run

Run run run

Run run runLife was easy when I was young young young
Life was easy when I was young young young
Life was easy when I was young young young
Life was easy when I was young young young
