

All Night Long (feat. Lisa)

LMFAO

I read your text sayin' what you wanna do to me (all night long)
I think I might be able fulfill your fantasy
We can ride away, no time to waste
Tonight baby (all night long)
We can ride away, no time to waste tonight baby Walkin' up to the street, she's rockin to the beat
Ooh the way she looked at me
She's out of space like Anikin
Body like a mannequin
Sippin' on a girlie drink
Dancing on the table, life of the party
Got my tongue on her naval, taking shots off her body
Yeah this little hottie, tryin' to get me sprung
She suckin' on cherries, tying knots with her tongue Ooh, girl it's you girl, I love it when you're teasing me
Ooh, girl the things you do girl, I love it when you're pleasing me [Chorus: x2]
You wanna get it shawty (all night long)
Then keep actin' naughty (all night long)
You got me thinkin' baby (all night long)
You need a spankin' baby (all night long) Walking down dirty street party rockin' to the beat
Ooh the way he looked at me
He's outta space like Anikin,
Body like a mannequin
Sippin' on some Hennessy
Dancing on the table, life of the party
He's got his tongue on my naval, takin' shots off my body
Yeah I'm feeling naughty, I'm tryna' get it sprung
While I'm suckin' on this lollipop, you can be my lollipop Ooh boy, I want you boy, I'm loving when you're
teasing me
Ooh boy, the things you do boy, I love it when you're pleasing me [Chorus: x2] Erybody say oh oh oh oh Now
everybody say oh oh oh oh Erybody say oh oh oh oh Erybody say oh oh oh oh I read your text sayin' what you
wanna do to me (all night long)
I think I might be able fulfill your fantasies
We can ride away, no time to waste
Tonight baby (all night long)
We can ride away, no time to waste tonight baby
