

Mmm Papi

Britney Spears

Baby, I can be your sweet baby
When things get crazy
Make sure you come and save me
(Save me) With this fast car, I can really get far
And don't break my heart
Let's make out
(Let's make out, let's make out) You can come take me away
There's no pressure, play all day
Grab me tight and don't let go
Mmm papa, love you
Mmm papa, love you You love it when I'm freakin' out
Things get rough and there's no doubt
You will always be there for me
Mmm papa, love you
Mmm papa, love you Stuck in the middle of it all, yeah
Too many people around me
Can you hear me call?
I look this way and you're not there
If you don't mind, my soul I bare
(Mmm papa, mmm papa, mmm papa) You can come take me away
There's no pressure, play all day
Grab me tight and don't let go
Mmm papa, love you
Mmm papa, love you You love it when I'm freakin' out
Things get rough and there's no doubt
You will always be there for me
Mmm papa, love you
Mmm papa, love you Mmm papa, mmm papa, mmm papi
Mmm papi, mmm papi, mmm papi
Ooh lovey, ooh lovey, ooh papi, oww You will always be there for me
You will always be there for me You love it when I'm freakin' out
Things get rough and there's no doubt
You love it when I'm freakin' out
Things get rough and there's no doubt
Mmm papa, love you
Mmm papa, love you You can come take me away
There's no pressure, play all day
Grab me tight and don't let go
Mmm papa, love you

Mmm papa, love you You love it when I'm freakin' out
Things get rough and there's no doubt
You will always be there for me
Mmm papa, love you
Mmm papa, love you Now see, I'm mommy
And that makes you papi
And that makes us lovey, oww Mmm papa, mmm papa, mmm papa
Mmm papa, mmm papa, mmm papa
Mmm papa, mmm papa, mmm papa, ooh
