Heavenly Action

Erasure

Angel made in Heaven, all I want is your love
Gimme some of that action, reaction
Angel made in Heaven, all I want is your love
Gimme some of that action
Found out I was standing in your firing line
You made your mark, your arrow went through me
Cut a real impression on this heart of mine
(On this heart of mine)
And now you want is happening to me
(To me)
Angel made in Heaven, all I want is your love
Gimme some of that action, reaction
Angel made in Heaven, all I want is your love
Gimme some of that action
Be my lover, I don't want another
My Angel from Heaven
Be my lover, I don't want another
My Angel from heaven
Angel made in Heaven, all I want is your love
Gimme some of that action
Arrow in my heart yeah we were meant to be
I knew it was my name you were calling
Celebration now you're standing next to me
(Standing next to me)
It's only love in motion I'm falling
(I'm falling)
Angel made in Heaven, all I want is your love
Gimme some of that action, reaction
Angel made in Heaven, all I want is your love
Gimme some of that action
Be my lover, I don't want another
My Angel from Heaven
Be my lover, I don't want another
My Angel from heaven
Angel, Angel, Angel made in Heaven, all I want is your love
Gimme some of that action, reaction
Angel made in Heaven, all I want is your love
Gimme some of that action
Angel made in Heaven, all I want is your love

Gimme some of that action, reaction
Angel made in Heaven, all I want is your love
Gimme some of that action
Angel made in Heaven, all I want is your love
Gimme some of that action, reaction
