

Black Are The Flowers

The Monochrome Set

I am the eye in the mind of a man who has courted fame
Selling the rights to the key of the door to another plane
Black are the seeds on my hand]
Black are the rays of the sun]
Black is the rain from the sky]
And black are the flowers] (Chorus)
I am the circle that spins out his fate as he slowly drowns
Descending through colours of darkening shades further underground
(Chorus)
I am the tongue that is dyed with
the stains of his painted words
The echoes resound in a hole in the ground where they can't be heard
(Chorus)
