Cuddy Buddy

Trey Songz

You could be my cuddy cuddy buddy fo' sho'
(You can ride with me)
Girl, don't act like you don't already know
(Don't act like you don't see)
We can get it on the bed or the floor
(Don't matter to me)
Girl, I wanna take you to H-Town

You could be my cuddy cuddy buddy fo' sho'
(You can ride with me)
Girl, don't act like you don't already know
(Don't act like you don't see)
We can get it on the bed or the floor
(Don't matter to me)
Girl, I wanna take you to H-Town

Girl, if you need this here
Call me don't have no fear
I wanna love you down
L-l-l-love you down

Late nights of lovey dovey
Someone to l-l-love me
She's somethin' like a friend
Call her my cuddy buddy

Even though she got a man
She already know the plan
She already know the deal
So what the business is

Even though she got a man
She already knows the plan
She already know the deal
Know the deal, know the deal

Even though I'm chubby chubby
Yo' chick she love me, love me
She might be with you now

But she still thinkin' of me

y'all out there makin' love
I couldn't make 'em love me
In the back of the lac
Hit it just like, that!

You could be my cuddy cuddy buddy fo' sho'
(You can ride with me)
Girl, don't act like you don't already know
(Don't act like you don't see)
We can get it on the bed or the floor
(Don't matter to me)
Girl, I wanna take you to H-Town

You could be my cuddy cuddy buddy fo' sho'
(You can ride with me)
Girl, don't act like you don't already know
(Don't act like you don't see)
We can get it on the bed or the floor
(Don't matter to me)
Girl, I wanna take you to H-Town

How you do your lips like that?
Move your hips like that? Work your ass like that?
Why you make noise like that?
Move slow like that? Fuck fast like that?

Baby, I ain't gon' lie to you
We so sexually compatible
How I thrill myself, I could kill myself
When I feel myself inside of you

You could be my cuddy buddy
Nibble on my nutty buddy
While we do some freaky thangs with the lights on
Touchin' on you while we listenin' to T-Pain
Huggin' on you while I'm listenin' to Mike Jones

Do it soon as we got in the sac
Or I could hit it in the back of the lac
Off a fifth of da yac
Like, like, like, like, that!

It's the middle of the night, y'all got into a fight
Now you mad with your feelings hurt

Girl, let me buy you a drink, please tell me what you think
Right before I get up in them skirt

Skeet, skeet
I pull up in the lac truck
Beep, beep
I'll be shorty backup
Beep me
If your man act up
He full-time girl, I'll be the backup

'Cause I'm yo cuddy buddy
See-see-cuddy buddy
Soon as he fall asleep
She on her way to love me

'Cause I'm yo cuddy buddy
See-see-cuddy buddy
Soon as he fall asleep
She on her way to love me

'Cause she know that I got that wood
'Cause she know that my sex is good
We can do it on the bed or the floor
'Cause you know that I keep it hood

'Cause she know that I got that wood
'Cause she know that my sex is good
We can do it on the bed or the floor, let me know

Girl, You could be my cuddy cuddy buddy fo' sho'
(You can ride with me)
Girl, don't act like you don't already know
(Don't act like you don't see)
We can get it on the bed or the floor
(Don't matter to me)
Girl, I wanna take you to H-Town

Girl, You could be my cuddy cuddy buddy fo' sho'
(You can ride with me)
Girl, don't act like you don't already know
(Don't act like you don't see)
We can get it on the bed or the floor
(Don't matter to me)
Girl, I wanna take you to H-Town
