

Sprung

Yg

(Hook)

You flirting with me, I'm flirting with you
Let me feel all on you
Annie let's stop playing around
Let me take you home and take you down
And get you sprung on this
Get you sprung on this
Annie let me get you sprung on this
Get you sprung on this

(Verse : YG)

If I told you that I love you I be lying to you
'Cause if I loved you I be on that jet flying to you
Hold up, she got an ass like Pink
Pretty bitch but she act so yeast
Bam give it to her like bam
Hiding from the low but that pussy getting ram
I got a scream , moan it, hit it from the back
Had a home girl slight very big dad
I love bad bitches that's my fucking problem
Bust nut 10 minutes that's my fucking problem
Can you fuck like you twerk
If I fuck that pussy good then you squirt

(Hook)

You flirting with me, I'm flirting with you
Let me feel all on you

Annie let's stop playing around
Let me take you home and take you down
And get you sprung on this
Get you sprung on this
Annie let me get you sprung on this
Get you sprung on this

(Verse : TeeFli)

South central n*ggers turn you up
Real niggers in the hood twisting fingers up
You stand how you said to beat the pussy up
Double play no games I tear it up

Hop that pussy for a hood n*gga
'Cause other Annies wishing that they were you
Girl I fuck your body
Right in front of everybody
Cussing, scratching, biting me
All on top of me

(Hook)

You flirting with me, I'm flirting with you
Let me feel all on you
Annie let's stop playing around
Let me take you home and take you down
And get you sprung on this
Get you sprung on this
Annie let me get you sprung on this
Get you sprung on this
