

Towman

Travis Kidd

I stubbed my toe on the stove is it bleeding tho ..no k I think i had an accident and my bumper has a dent my
front Axle is bent
They acted in pain So they could get an insurance gain but they where in the turning lain so I called a tow man
he was there in a flash he drove towed me and I paid him cashes
He picked up my car with a wrench I got hit by a son of a rich man they will do most anything
