

Lock Me In Your Heart

Mandy Moore

Mandy, Mandy

The sound of your voice is sweet like candy There was a time when I was all alone

Waiting for someone I could call my own

I closed my eyes and dreamt you up all day

My prince of charms would ride up and we'd fly away Take me to a place

Where the magic between us becomes real

Take me all the way Boy, I want you to lock me in your heart

And throw away the key

Show me love the way it's supposed to be

Lock me in your heart and never let me go

I must confess, you are the best

So baby, come take me Take me, baby, take me away

Take me, baby, take me away We'll dance together where no one can see

With you alone is where I wanna be

Uncharted territory we'll discover?

You'll always be my dream lover Oh, take me to a place

Where the magic between us becomes real

Take me all the way Boy, I want you to lock me in your heart

And throw away the key

Show me love the way it's supposed to be

Lock me in your heart and never let me go

I must confess, you are the best

So baby, come take me Lock me in your heart

Oh baby, oh baby

Lock me in your heart

So baby, come take me Take me to a place

Where the magic between us is so real

Take me all the way Boy, I want you to lock me in your heart

And throw away the key

Show me love the way it's supposed to be

Lock me in your heart and never let me go

I must confess, you are the best

So baby, come take me Lock me in your heart

And throw away the key

Show me love the way it's supposed to be

Lock me in your heart and never let me go

I must confess, you are the best

So baby, come take me Take me, baby, take me away

Take me, baby, take me away

Take me, baby, take me away
Take me, baby, take me away
Take me, baby, take me away
