

Push the Button

Sugababes

Push the button

Push the button

Push the button

Push the button I'm busy throwing hints that he keeps missing

Don't have to think about it I wanna kiss and

Everything erotic but he's too distant

I wanna feel his body, I can't resist it I know my hidden looks can be deceiving

But how obvious should a girl be?

I was taken by the early conversation piece

And I really like the way that he respect me I've been waiting patiently for him to come and get it

I wonder if he knows that he can say it and I'm with it

I knew I had my mind made up from the very beginning

Catch this opportunity so you and me could feel it 'cos If you're ready for me boy

You'd better push the button and let me know

Before I get the wrong idea and go

You're gonna miss the freak that I control I'm busy showing him what he's been missing

I'm kind of showing off for his full attention

My sexy ass has got him in the new dimension

I'm ready to do something to relieve this mission After waiting patiently for him to come and get it

He came on through and asked me if I wanted to get with him

I knew I had my mind made up from the very beginning

Won't miss this opportunity so you and me could feel it 'cos If you're ready for me boy

You'd better push the button and let me know

Before I get the wrong idea and go

You're gonna miss the freak that I control If you're ready for me boy

You'd better push the button and let me know

Before I get the wrong idea and go

You're gonna diss the freak that I control I've been dropping so many hints

You're still not getting it

Now that you've heard everything I have to say

Where we gonna go from here? After waiting patiently for him to come and get it

He came on through and asked me if I wanted to get with him

I knew I had my mind made up from the very beginning

Won't miss this opportunity so you and me could feel it 'cos If you're ready for me boy

You'd better push the button and let me know

Before I get the wrong idea and go

You're gonna miss the freak that I control If you're ready for me boy

You'd better push the button and let me know

Before I get the wrong idea and go

You're gonna miss the freak that I control
(Come on)If you're ready for me boy
(For me boy)
You'd better push the button and let me know
Before I get the wrong idea and go
You're gonna miss the freak that I control
