

Alone (Live In Paris)

Ben Harper

This empty room it fills my mind
Freedom it leaves me confined
Every single bone has cracked
But in this life, you can't turn back I don't want to live
I don't want to live here alone
Alone, alone, alone As these words part with my tongue
I question why they even sung
I promise but I lie
I don't even know myself inside I don't wanna be
I don't wanna be here alone
Alone, alone, alone Today and tomorrow have become one
Every single thing has become undone
Human nature is a beast
What I've done the most, to show I have the least Please don't leave me here
Please don't leave me here
Don't you leave me alone
Alone, alone, alone
