

# Our Time Is Now

## Mudhoney

Our time is coming  
Here comes our time  
Our time is now  
This is our time They say that time is tight  
Well, we're tight too  
Yeah, we know just what we gotta do  
They say that times are tough  
They're flying down below  
They're crawling overhead Still they don't know  
They can see through walls  
Our time is coming  
Here comes our time  
Our time is now This is our time  
We choose neither  
No we're not with you  
Given two lousy choices  
We're not with them either  
Our time is coming  
Here comes our time Our time is now  
This is our time
