

# Prangin Out

## The Streets feat. Pete Doherty

I get back from touring  
Suddenly it doesn't seem like much fun to be off my face  
At a quarter to eleven am

You're prangin' out  
I see through you  
I feel awful  
This voice's talkin' to me  
This ain't funny  
??? my house for four fucking weeks  
I see through you  
I'm about to do something stupid

I dare say why my manager got lary and smacked me  
These headaches are gettin' unbearably nasty  
Staring at the crackwork, lookin' scary with me brandy  
The rock 'n roll cliché walked in and then smacked me  
Carelessly rackin' out prangs just to handle the fear  
I do a line but then panic and feel a bit prang'd  
So I glug Marlon from the bottle to ease of the panic  
Then when it starts wearing off, I just feel a bit sad  
Snort more tour support, and then have a drink  
The bruise on the side of my head is madly banging  
The only reason I started this was the deal me a laughin'  
The only reason I started this was the deal me a laughin'

You're prangin' out  
I see through you  
These voices talkin' to me  
This ain't funny  
I see through you  
I'm about to do something stupid

The girl in my bed is kinda distant right now,  
I know she's thinkin' she's a bit frightened somehow,  
I don't think she realized what I'd invited her back to my house  
I don't want anyone to see me like this right now  
I sort of thoughts rollin' back in my eyes  
I've been a poor sports thoughts dance in my mind  
A banging headache dancin' prang'd by their side

Dancin' with the pictures from the past of my life  
I don't remember any of what I just thought at all  
The conclusion prior to when I forgot it all  
Panicing a bit, gettin' frightened 'n fuck all  
So nursing my bruise I drink right from the bottle  
I don't want anyone I know to see my like this  
My fibs and single became lies and lists  
She's gonna sell-tell no doubt fuck it  
I'm not going to start drinkin', no, I can't for now

You're prangin' out  
I see through you  
These voices talkin' to me  
This ain't funny  
I see through you  
I'm about to do something stupid

My laptop must have slipped down and gone to sleep  
Before the prangers pain must've dawned on me  
Stupid idiot!  
Around the time I was skethchin' tryin' to con some sleep  
And the new day on me was nearly dawning in here  
I must have flaked while I puttied  
Way to loads more  
'Cuz I'd staked on bookings  
Waited to tell the score  
Why do I break my rules not to wager any more  
I flaked on the bookings and majorly totaled on the score  
I've got a simple problem  
But my minds spinning out  
I remembered the website between the wine and the stout  
The rush of fear made me forget how fucked I'd been  
This time I'm drying my eyes and a fuckin' nose bleed  
Turnin' the phone off when my promo bloke phones me  
Evaded for it got nasty when my manager when he only beat me  
I threw his wallet out the window as it had grown heated  
He said 'sort your life out' as he punched me onto my feet

You're prangin' out  
I see through you  
These voices talkin' to me  
This ain't funny  
I see through you  
I'm about to do something stupid

You're prangin' out  
I see through you  
These voices talkin' to me  
This ain't funny  
I see through you  
I'm about to do something stupid

Right now logic states I need to be not contemplating suicide  
'Cause rational thought it would seem that I need not to be doing stuff  
That makes death seem like an easier option  
I need a totally Trojan plan right now  
I see through you
