

Seems Hard

The Cardigans

Seems hard to understand
I think no one can
Not anyone I know
No wait I think I know

One who does
At least that's what he says

And what I mean is what I say
But I've got thoughts left anyway

Seems hard to understand
I'm not sure myself
Sure of what to think
I know I should

Trust myself
At least that's what he says

Seems hard to understand
I think no one did
Not anyone I knew
Well I thought I knew

One who did
It was only as he said...
