

Politics

Korn

Everyone's corrupt, you should just shut up
Lay down, back off, the demon you've disrupted
Don't wanna talk about politics
Don't preach or talk about politics
Don't let me talk about politics
Don't wanna talk about politics
You wanna sleep with him to get to who you need to know
Think that's the way to go, don't you?
It's in religion, sex and everything we do and say
I'd look the other way, won't you?
Won't you, don't you, won't you, don't you
Everybody's raped, lying to your face
Kicks you in the gut, slays you here, all messed up
Don't wanna talk about politics
Don't preach or talk about politics
Don't let me talk about politics
Don't wanna talk about politics
You wanna sleep with him to get to who you need to know
Think that's the way to go, don't you?
It's in religion, sex and everything we do and say
I'd look the other way, won't you?
Tiny spinners are in your soul and they remain there
Darkest life in the deepest hole, you sit and pray there
All the deals from the things you've done, you wouldn't know what for
What you thought was so much fun, you have to pay for
Pay for, pay for, pay for
Pay for, pay for, pay for
You wanna sleep with him to get to who you need to know
Think that's the way to go, don't you?
It's in religion, sex and everything we do and say
I'd look the other way, won't you?
You wanna sleep with him to get to who you need to know
Think that's the way to go, don't you?
It's in religion, sex and everything we do and say
I'd look the other way, won't you?
Won't you, won't you, don't you
Won't you, don't you, won't you, don't you
