

# Your Picture Hung Itself

## Most Precious Blood

Put on flesh and run it through  
The things you love, they will destroy you  
When the seasons change, my scars burn  
Another day of I'll never learn Those words took you but seconds to say  
Forever more and since that day  
They will replay I cease to resist your sweet lips  
I cease to exist  
Your arsenic kiss The more time passes by  
The more I realize you and I  
Were just a lie So many years believing  
Belief turned to hope  
Hope changed to doubt  
That became bitterness  
Which to this day  
Turns me inside out Those words took you but seconds to say  
Forever more and since that day  
They will replay I cease to resist your sweet lips  
I cease to exist  
Your arsenic kiss The more time passes by  
The more I realize you and I  
Were just a lie
