

You Are a Part of Everything

[Josh Kelley](#)

The worst mistake is giving up
Pulling back when you've had too much
Of not knowing where you belong
The one thing I am certain of
Is time will change each one of us
For this you're not on your own
So open your voice and be strong
You are not alone
You are what you believe
You are now alone
You're a part of everything
When life gets you down
Set your soul at ease
You are not alone
You're a part of everything
The cheapest secret is the truth
Until you finally set it loose
Such an unbelievable game
Well, if you've got something to say
Let it out
Give us something to talk about
So that you're not on your own
Open your voice and be strong
You are not alone
You are what you believe
You are now alone
You're a part of everything
When life gets you down
Set your soul at ease
You are not alone
You're a part of everything
don't people tell you
That you won't amount to nothing
Get out of the way, get out of the way
Do your thing, do your thing, do your thing
Do you thing, give me your thing
It's a beautiful thing, get up
You are not alone
You are what you believe
You are now alone
You're a part of everything
When life gets you down
Set your soul at ease
You are not alone
You're a part of everything
You are not alone
You are what you believe
You are now alone
You're a part of everything
When life gets you down
Set your soul at ease
You are not alone
you're a part of

You're a part of everything
You're a part of
You're a part of everything
