# High Time

## Paul Westerberg

It's high time
That I let you slide
I know it's kind of low
But to me, it's high timeIt's high time
That I let you slide
I know it's kind of low
But to me, it's high timeJanuary, February, June, and July
It's high summer
January, February, June, and July
And I don't love her, it's high timeIn the blink of blue eyes
I know it's kind of low
But to me, it's high time
Yeah, I know it's kind of low
But to me, it's high time
