I Am Jesus

Infant Sorrow

I am Jesus
Welcome to the church of me
True believers
Take a walk across the sea
I've come to feed the fish
Heal the world
But first let everybody kiss
I am the Rasta
Sitting underneath the tree
I'll be your master
Pour yourself into me
Fill your every wish
Heal the world
But first let everybody kiss
I am the setting sun
I am the chosen one
I am his only son
I wear a phony crown
I live in honey town
Somebody cut me down
I am Jesus
I am Jesus
I am Mahatma
Taking it to the streets
Give me your daughter
Let me rub your dirty feet
Touch the end of this
Heal the world
But first let everybody kiss
I am Jesus
I am Jesus
